## DESCRIPTION

Working closely with Kramer Marks Architects and EP Guidi Construction Managers, Stout & Caldwell Engineers was key to the design and development of the Holman Automotive Corporate headquarters. The new state-of-the-art facility is the next generation for a company founded in 1924 ~ one born, raised and committed to South Jersey. Stout & Caldwell provided comprehensive civil engineering services along with surveying, stormwater basin design and planning board approvals.

#### Services provided:

- Civil Engineering
- Surveying
- Stormwater Basin Design
- Planning Board Approvals

#### Partners:

- Kramer Marks Architects
- EP Guidi Construction

#### Community impact:

- Better use of under utilized property
- New tax base for Maple Shade, NJ
- Expansion of existing corporation
- Increased stormwater controls
