- AutoCAD Services

Site Size

0.5 Acres

Building Size

2,500 SF

Project Status

Survey: Complete

Project Team

Robert R. Stout, PE, CME, LS,
Ken Carruth

DESCRIPTION

On the heels of its work on a proposed Goodwill Donation Center in Cherry Hill, Stout & Caldwell was proud to be engaged by the organization for a second project. This time for a Goodwill Store in Toms River, New Jersey. The project scope included two of the firm's core disciplines ~ a comprehensive ALTA survey and AutoCAD services. In addition to bringing to life an existing vacant 0.5-acre lot, the new proposed 2,500 SF location would be a valuable community resource and increase employment opportunities in the region.

Services provided:

- ALTA Survey
- AutoCAD Services

Community impact:

- New development on vacant property
- Additional job creation for the township and region
- New value-added resource within the community
